Government Times Tables Test

Dear Parents / Carers,

We are nearly there, and the children have been amazing attending all the early morning sessions and taking part with such enthusiasm.

Now we have one final push before the actual Government Multiplication Tables Check, which will take place during the first week back after half term.

To help keep the children's skills sharp over the holiday, I am sending home some times tables work:

1. Some sheets containing the 26 times tables, along with an answer sheet and practice pages for the children to complete them on. Ideally, these should be practised once a day as quickly and accurately as possible.
2. Your child's TimesTables.co.uk login details. Please could your child complete the "Multiplication Tables Check" at least once each day. This gives them 26 random questions and closely matches the format of the real test. It should take no longer than 5 minutes to complete.

Early Morning Maths Lessons will continue during the first week back after half term (1st, 3rd, 4th and 5th June). After this, we will return to normal school times.

Thank you very much for your continued support.

Mrs. Hover

Year 4 Class Teacher
