What We Have Been Learning...

This week the children have been supported to learn how to self-regulate and follow instructions whilst they explore their environment and learn new routines. We have been super surprised at how well children are interacting and playing with each other! We can already see some friendships forming. Children have been encouraged to make choices this week. They have enjoyed the independence of choosing a piece of fruit and pouring themselves a drink. Children have also chosen a book to share from our class library to bring home. A super first full week!!

How You Can Support at Home...

- Please label all their clothes and belongings.
- Enjoy speaking to your children about their day and share with us their favourite activities.
- Allow your children opportunities to be independent – can they put on their own shoes and coat?
- Help your child to follow instructions by giving short instructions to your child to follow at home.
- Please read the book with your child.

A Snapshot of Our Week in Pictures
